

MATS RULE ONLINE TRAINING

DATE: Tuesday, August 24, 2021

LEVEL: Beginner-Intermediate

PRICE: \$150.00

DESCRIPTION:

This online course is designed to provide a detailed review of Subpart UUUUU, 40 CFR Part 63 Mercury and Air Toxics Standards (MATS) Rule's monitoring, recordkeeping and reporting requirements. The course will be presented during two (2) sessions with a break for lunch. The course would be beneficial to environmental managers as well as Instrument & Control Technicians with CEMS responsibilities. The training would be valuable to personnel with limited MATS Rule experience as well as a refresher for more seasoned personnel.

KEY ELEMENTS INCLUDED:

- MATS Rule Overview
- Hg CEMS QA/QC Requirements
- Hg STMS QA/QC Requirements
- Performance Test & Hg LEE Specifications
- PM CEMS QA/QC Requirements
- Reporting
