ASHLEY PARTINGTON

INSTRUCTOR

Ashley Partington, Compliance Specialist, has 12 years of experience in CEMS and emissions data management. She joined the VIM COMPAS team in 2014 and has enjoyed supporting many QA/QC and Monitoring Plan documentation projects, teaching Software and Regulatory specific training, and helping clients with their reporting needs.

Ashley has worked on compliance solutions for multiple industries including power, paper, cement, refineries, and manufacturing. She has worked on PADEP Phase I/III applications and ongoing reporting assistance for PADEP sites as well.

List of Relevant Training Experience:

Instructor - Online and in person training classes covering *Part 75, Data QA Techniques, Part 60, CEDRI reporting, and Utility MACT*

Presented Regulatory training and managed round-table discussions at VIM User Groups

Speaker at the *Combustion Turbine Operations Technical Forum Conference* in Fall 2018 and Fall 2021
